A woman has twins, and gives them up for adoption. One of them goes to a family in Egypt and is named "Amal." The other goes to a family in Spain; they name him "Juan". Years later, Juan sends a picture of himself to his mum. Upon receiving the picture, she tells her husband that she wishes she also had a picture of Amal. Her husband responds, "But they are twins. If you've seen Juan, you've seen Amal."

"What time does the library open?" the man on the phone asked.

"Nine A.M." came the reply. "And what's the idea of calling me at home in the middle of the night to ask a question like that?"

"Not until nine A.M.?" the man asked in a disappointed voice.

"No, not till nine A.M.!" the librarian said. "Why do you want to get in before nine A.M.?"

"Who said I wanted to get in?" the man sighed sadly. "I want to get out."
